

THE STATE OF TRADE.

Business Continues Unusually Good For Midsummer.

NO SIGNS OF A REACTION.

Purchasing Power Enlarged by One Hundred Thousand Men Having Their Wages Advanced—Good Effects of the Settlement Between Coal Miners and Employers—Less Failures Than Last Year.

NEW YORK, Aug. 10.—R. G. Dun & Company's weekly review of trade says: Business continues unusually active for midsummer, and although there is perceptible relaxation, there are no signs of reaction. The one change of great importance which the week has brought is eminently helpful—the amicable settlement between coal miners and employers in western Pennsylvania, Ohio and Indiana. It is said that about 100,000 men will have their wages increased after Oct. 1 by this adjustment, and while the enlargement of purchasing power is of consequence, it seems even more important that a chronic cause of controversy has been removed by the new agreement as to company stores. There is no important change in crop prospects, and at this time no news is eminently good news.

Speculation has been more successful in cotton than in any other products during the past week and has lifted the price an eighth.

Wheat has declined a fraction with very scanty transactions, the extremely small western receipts influencing the market for the present more than the restricted exports. The concerted withholding of wheat by western farmers, if continued, would doubtless affect the price in the end, but it has already stopped Atlantic exports almost entirely. The amount, flour included, having been only 753,330 bushels for the past week, against 2,956,346 bushels for the same week last year, and when foreign markets have supplied their needs from other quarters, the western farmers may find reason to regret that they did not ship their wheat at the ordinary time.

Corn tends to lower prices with more encouraging prospects, and the expectation of a heavy corn crop affects prices of provisions, as might be expected.

The industries continue to make progress, and higher prices for iron and steel products prove that the supply has not outrun the demand. Bessemer iron is a shade weaker, but gray forge has advanced about 60 cents and finished products are remarkably firm. Lake copper has advanced to 12 cents. Tin has declined about a quarter of a cent, and is quoted at 14.20. Lead is a trifle stronger at 3.55.

The anthracite coal market is completely demoralized, and prices have again yielded a little to about the lowest ever known.

Sales of wool are not as much inflated by speculation as they were during the first half of July, but they still considerably exceed the actual consumption in the manufacture, amounting at the three chief markets to 6,253,300 pounds. Prices are very firm.

Some staple cotton goods have again advanced in price, but the market is unusually strong for the season.

Failures for the week were 225 in the United States, against 264 last year, and 43 in Canada, against 54 last year.

PECULIAR MALADY.

The Man Has Been Motionless as a Stone For Over a Week.

CROWN POINT, Ind., Aug. 10.—Last Friday a week W. C. Murphy, cashier of the First National bank of this city, while at his window at the bank, fell to the floor with paralysis and apoplexy and has not regained consciousness since. He is in a comatose state and acts much as though he is petrifying.

He has not spoken a word and has opened his eyes but once since Friday. His heart beats regularly, but his body seems cold and hard as if dead. The doctors have all given up the case. Yesterday the first signs of life appeared. He began to calculate figures in his mind, talking about them. Outside of that he has not spoken, and after finishing his calculations he fell back into his former condition. He has taken no nourishment in the seven days.

Arrested For Murder.

BLOOMINGDALE, Ind., Aug. 10.—Four weeks ago Clara Shanks was found dead in this vicinity. A mystery has prevailed over since. Last night Daniel Keller, his wife, Nancy, Margaret, a sister, and John, a brother, were arrested for the murder. It is alleged that Mrs. Keller, Daniel Keller and his sister Margaret were the principals. Clara Shanks was the beautiful 17-year-old daughter of Frederick Shanks of Grange Corner. Clara visited the Kellers home frequently and Mrs. Keller accused her with being intimate with her husband. After she was killed John Keller is charged with carrying the dead body to Wolf creek, half a mile away, and throwing it in.

Strong Flow of Gas.

WABASH, Ind., Aug. 10.—The new gas well drilled in yesterday near Swayzee by the Wabash Fuel company is one of the strongest in the state, its daily flow, as measured, being 4,000,000 feet. So powerful is the gas pressure that 500 feet of casing was forced out of the hole, and it was with the greatest difficulty the well could be anchored. The company has sunk two fine wells in the last two weeks, and will drill six more.

SAN QUENTIN PRISON, Cal., Aug. 10.—Fremont Smith was hanged Friday for the murder of two fishing companions.

INSANE MAN MURDERED.

Brutally Beaten In Asylum by Two Asylum Attendants.

CHICAGO, Aug. 10.—George Gough and J. B. Anderson, attendants at the insane asylum at Dunning, are locked up charged with the murder of George Budzick, a patient at the asylum.

Budzick was an Austrian, 36 years old, and a very violent man. He was confined first in the asylum at Brothers' hospital, and from there was taken to the Dunning asylum on Thursday afternoon. At the asylum he was received by Henry Barrot, the bathroom attendant, who gave him in charge of Gough and Anderson. On Thursday night Budzick seemed in excellent health, and yesterday morning he was found dead in bed.

The attending physician at the asylum suspecting something wrong examined the body, and found that the flesh all over the chest was badly beaten and bruised. In addition to this there was a bad cut on the forehead. He at once sent for the coroner and on the arrival of Deputy Coroner O'Brien, that official after one look at the body decided to call in the county physician, Dr. Mitchell. The doctor made a slight examination of the body and then declared that the man had been beaten to death, saying that such wounds as were on the corpse must have been occasioned by a sledge hammer.

A further examination showed that Budzick had been literally hammered to death. Every rib in his body was broken, nearly all of them in two pieces, and several of them were fractured four times. The breastbone was broken in two places, the abdomen bore marks of heavy blows, several of which inflicted injuries upon the intestines sufficient in themselves to have caused death. In several places on the chest and side the blows had been dealt so viciously that the flesh was literally torn from the bone and was hanging in loose shreds.

Superintendent Morgan, after the coroner's jury had rendered a verdict to the effect that Budzick had been pounded to death by unknown people, picked out Gough and Anderson as the two men most likely to be guilty of the crime, they having had charge of the ward during the night. He took them into his private office and they at first denied any knowledge of how the man came to his death, but finally admitted that they had assaulted him. They said that he was very violent and that when they attempted to restrain him he had assaulted them with his fists.

Budzick being a very powerful man, they said they were afraid of him, and in order to protect themselves had assaulted him with their fists. When asked how they could inflict such terrible injuries with their hands they had nothing to say, simply insisting that they had struck him with nothing but their clenched hands. Dr. Mitchell and Deputy Coroner O'Brien declare the case to be one of the worst they have ever heard of and without exception the most brutal affair that ever occurred in any asylum in Illinois.

COLLISION OF ELECTRIC TRAINS.

Twenty People Injured in the Suburbs of Indianapolis.

INDIANAPOLIS, Aug. 10.—At 4 o'clock yesterday afternoon two heavily loaded electric trains on the Broad Ripple suburban streetcar line collided at Illinois and Twenty-sixth streets, and about 20 people were more or less injured. The accident was caused by a motorman's failure to throw a switch. One train was loaded with people coming from an old settlers' picnic at Broad Ripple.

The following were among the injured:

Mrs. Martin, 131 North Alabama street, leg broken and badly bruised. Susan Dennis, 36 Buchanan street, badly bruised about the lower limbs. Martha Sweeney, 207 West Ohio street, both legs broken. Maggie Rice, 629 North West street, head and face badly battered and bruised.

Edith Christ, 201 Columbia avenue, lower limbs bruised and other injuries. L. H. Smith, 201 Columbia avenue, badly bruised about the limbs.

Mary Bly, 191 East Market street, bruised about the limbs. Sarah Latham, 191 East Market street, bruised about the limbs.

T. B. Brown, 107 East Ohio street, lower limbs hurt.

Besides these there were at least a dozen others who were injured, most of whom were able to leave the wreck.

The conductor on the wrecked train was Arthur Jackson, the motorman, Joe Roberts.

Horrible Manner of Suicide.

ZANESVILLE, O., Aug. 10.—Jacob Gigax, a prominent and wealthy citizen of this city, committed suicide in a horrible manner yesterday. He went to the Cincinnati and Muskingum railroad, where he got down on his hands and knees and placed his neck across the rail in front of a rapidly approaching train and was decapitated in the presence of many persons. Mr. Gigax was a retired banker and had suffered from poor health for a long time.

Two Homicidaries Hurt.

GREENFIELD, Ind., Aug. 10.—About noon yesterday a scaffold 20 feet in height, used in the construction of the new Christian church, gave way under its load, and two homicidaries were thrown to the ground below, under a mass of brick and mortar. Gilbert Clayton, one of the homicidaries, received internal injuries which are possibly fatal, while his companion, George Smith, was painfully injured.

Friday's Finances.

WASHINGTON, Aug. 10.—Yesterday's statement of the condition of the treasury showed: Available cash balance, \$183,091,722; gold reserve, \$103,070,149.

PROTECT AMERICANS

Such Orders Have Been Sent to Minister Denby.

IT IS A VERY DIFFICULT TASK.

It Is Believed That He Is Doing All He Possibly Can to Protect the American Missionaries in China—No More Outrages Reported to the State Department at Washington.

WASHINGTON, Aug. 10.—No official advice has reached the state department concerning the reported destruction of American mission property at Inghok, China. It is believed at the state department that the place referred to is identical with, where troubles were reported two days ago and this second dispatch really relates to the same incident.

Acting Secretary Adee has received a telegram from Nashville signed jointly by the southern Methodist and Presbyterian missionary societies' officials confirming the report of the outrageous character of the Ku-Cheng massacre and urging the state department to protect the American missions in China. Mr. Adee has responded by telegraph that United States Minister Denby had already taken the most vigorous measures to secure the safety of the Americans and that renewed instructions to that end had already been cabled to the minister.

It is not doubted that Mr. Denby is doing everything possible in these disturbed conditions to care for the missionaries, but there are some things beyond his power to accomplish at this time. He has for many months personally and through the American consuls in China, urged the missionaries to come down from the dangerous interior posts to the treaty ports, representing to them that no matter how he might be inclined to do so he could not dispatch ships overland or up shallow streams to protect them.

Admiral Carpenter is also willing to do everything proper to co-operating with the minister and if he believes to be prudent to send some of his sailors and marines overland through a hostile country he is fully authorized by his instructions from the navy department to do so.

The state department fully expects to secure full and ample reparation and indemnity for all injuries sustained by Americans and indeed Minister Denby has already made a most vigorous demand on the Chinese government to that effect.

SHIPWRECKED SAILORS.

Six of the Crew of the C. G. White Reach San Francisco.

SAN FRANCISCO, Aug. 10.—The steamship Walla Walla has just arrived here from Puget sound ports. Among her passengers were six of the crew of the C. G. White that was wrecked on Kodiak island April 13.

The crew consisted of 25 white men and two Japanese. Of this number 11 were frozen to death or drowned, and of the 16 saved but two escaped serious mutilation, as the effects of the freezing they endured while clinging to the rigging of the wrecked vessel and in their struggle to reach Wood island.

The men had but little to say. Good care and the best of nursing have so nourished their crippled bodies that they look well in the face and said they were in good health.

The government furnished the men with transportation from Wood island to this city, but now they are here and it will be weeks before they can go to work at earning a living, and crippled as they are, they are puzzled to know what they can do to support themselves.

USED A HATCHET.

Frank Marks Kills His Uncle For Abusing His Wife.

SHELBYVILLE, Ind., Aug. 10.—Late yesterday evening Doc Swango, a pensioner, under the influence of liquor, went to the home of Frank Marks, his nephew, and began abusing Mrs. Marks and her children. Shortly afterward Marks, who had been up town, returned home and discovered the brutal treatment of his family by his uncle.

Marks made an attempt to drive Swango from his home. The drunken man was obstinate and made a lunge for Mrs. Marks, grabbing her and knocking her across the room. This enraged Marks and he grabbed a hatchet, striking Swango, making a frightful gash in the head, from the effects of which the wounded man never regained consciousness and died shortly afterward. Marks was arrested and is now in jail.

Shocking Accident to a Picnic Party.

DECATUR, Ind., Aug. 10.—A shocking accident occurred near here yesterday. A crowd were returning from a picnic in a cartage when the horse suddenly became frightened and plunged over a 30-foot embankment. Three women, Mrs. Mangold, Mrs. J. C. Paterson and her mother, Mrs. E. R. Erwin, received injuries which will undoubtedly prove fatal. Mrs. Duncan and two small children also received serious injuries.

Cloudburst in Colorado.

DEL NORTE, Colo., Aug. 10.—A heavy cloudburst in the hills west of Del Norte Thursday sent immense volumes of water down Francisco and Pines creeks and doing much damage to roads, bridges, growing crops, the Denver and Rio Grande railroad track and the property of the Del Norte Brewing company. The water flowed from the hills to the valley on both sides of Del Norte, east and west.

LAKE STEAMERS COLLIDE.

The Steamer Britannic Run Down in the Detroit River.

DETROIT, Aug. 10.—The steamer Britannic, owned by C. E. Benham and W. J. White of Cleveland, was sunk near Ballard's reef in the Detroit river, two miles above Amherstburg, by the Lackawanna company's steamer Russia, at 4 o'clock yesterday afternoon. One of the sunken steamer's crew, called "Charlie," was drowned.

The Britannic lies athwart the channel in 30 feet of water, making navigation dangerous, but not impossible, although the channel is narrow at that point.

Several of the plates on the Russia's starboard bow were loosened, but she was towed to a Detroit drydock in time to escape sinking. Each is valued at \$55,000, and both vessels are fully insured.

Captain John D. Green of the Russia said last night. "We were a long distance apart when the signal to pass starboard of each other was blown. We were both taking this course, the Britannic going with the current about 12 miles an hour, when, as the Britannic got within a few hundred feet of us she suddenly sheered sharply to port. I put my wheel hard to port and rang the bell to back long.

"It was too late. We struck the Britannic with a fearful crash amidships on the starboard side. It was not exactly a straight blow we gave her, for our own bow is deuced on the starboard side. However, we must have cut into her a good distance, for she careened and at once began to sink. In less than three minutes from that time she was on the bottom.

"The crew, with two exceptions, took to the rigging and upper works forward. One of the exceptions was a member of the crew who jumped and swam until he was picked up. The other was a fireman who was not seen afterward.

NEGROES PUT BACK.

The Spring Valley Mines Resume Work Under Deputy Protection.

SPRING VALLEY, Ill., Aug. 10.—Acting Mayor Hicks, with the city council, led about 50 deputies out to No. 3 mine yesterday. Shortly after the arrival of the deputies the colored miners arrived from Seatonville, with Representative Backner at their head. The negroes appeared to be a little frightened and were not comfortable.

They were lowered down the mine and were put to work alongside the white miners, but there was no trouble. No one attempted to obstruct the program. The shaft is guarded, but everything is so calm that protection will apparently not be needed after a few days. The general belief is that the negroes will gradually leave Spring Valley when the guards are withdrawn.

FLOODED WITH COUNTERFEITS.

Showers of the Queer Have Unloaded at Wilmington, Delaware.

WILMINGTON, Aug. 10.—This city is fairly flooded with counterfeit silver dollars. About 10 days ago one was presented at the Farmers' bank by a depositor and detected. Since then the banks have been on the outlook, and dozens have been detected and turned down. They were presented by unaccounted depositors, who had accepted them in the course of business.

The spurious coins are thicker than the genuine dollars, but of lighter weight. The composition of which they are made is soft and can be readily cut with a knife. From the number of these counterfeits in circulation, it is believed that the professional "showers of the queer" have recently unloaded in this city.

Injured by a Cave-In.

ST. JOSEPH, Mo., Aug. 10.—John O. Stockwell, manager of the Missouri and Kansas Telephone company, was perhaps fatally injured; Vance Lane, gang foreman, and A. Hendrickson, a laborer, were painfully injured here yesterday afternoon at Seventh and Edmond streets by being buried under a cave-in. A trench was being dug for the telephone company when the earth suddenly caved in, partially covering the three men. Remarkably quick work with the pick and shovel alone saved the men from death. Stockwell had two ribs dislocated and severely injured in the back. He will probably die. Hendrickson and Lane were both severely injured about the head and face. They will recover.

Holmes Writing His Own History.

PHILADELPHIA, Aug. 10.—H. H. Holmes is occupying his time in prison by writing a history of his life. It is to be 300 pages in length and will be printed in cloth and paper. It is said that he has already found a publisher, and that the story will be out inside of a week. District Attorney Graham said yesterday that he expected important developments within a few days.

Willing to Be Mayor of Indianapolis.

INDIANAPOLIS, Aug. 10.—Thomas Taggart, chairman of the Democratic state central committee, announced yesterday that while he was not a candidate he had decided to accept the nomination for mayor of Indianapolis if named by the convention to be held on the 29th inst. This probably means that Mr. Taggart will be nominated by acclamation.

The Cincinnati Ordered to Key West.

NEWPORT, R. I., Aug. 10.—The cruiser Cincinnati has been detached from the North Atlantic squadron, and yesterday orders were given her to proceed to Key West to relieve the cruiser Atlanta, now stationed there. The Cincinnati will sail for Key West at once. The Atlanta will join the squadron here as soon as possible after being relieved.

JACKSON'S SUCCESSOR

Some Speculation as to Whom It Will Be.

SEVERAL NAMES MENTIONED.

It Is the General Understanding That No Appointment Will Be Made Until After the Meeting of Congress—The Funeral of the Late Justice Jackson Will Take Place Monday.

WASHINGTON, Aug. 10.—There is much speculation as to who will be President Cleveland's choice for the United States supreme bench to succeed the late Justice Jackson, but beyond the mention of available names, there is little of a definite nature thus early. It is the general understanding that no appointment will be made until after the meeting of congress, as the place is one of too much importance and dignity for a recess appointee to go on the bench and take the chances of subsequent rejection by the senate. There has been no case in the recent history of the country where an appointment has been made to the supreme bench during a congressional recess.

It is suggested that the selection is most likely to be made from the east and probably from New York, as Mr. Cleveland made the last appointment—that of Justice White—from the south, after the senate had rejected the names of Hornblower and Peckham, both of New York. When the serious illness of Justice Jackson was first announced last spring, gossip mentioned the name of Mr. Bissell, then in the cabinet, as the probable successor. The same suggestion is heard at the present time. As is usual when an important place is to be filled, the name of Secretary Carlisle is mentioned, but the general opinion is that should Mr. Cleveland go to his cabinet for an appointee he is more likely to consider Mr. Wilson or Mr. Smith.

The name of Representative Josiah Patterson of Tennessee will probably be called to the attention of the president, as he comes from the state of the late justice and is known as a most loyal friend of Mr. Cleveland. The names of Don M. Dickinson and Solicitor General Holmes Conrad are also mentioned.

There are persons, however, whose relations with the president are of the closest character, who believe that Mr. Cleveland's first choice would be Mr. Olney, the secretary of state. It is known that he places implicit confidence in the soundness of Mr. Olney's opinions on all important legal questions which come before him, and that he fully appreciates the great assistance Mr. Olney has rendered him in the disposition of the great questions that have arisen during the last two years. Whether Mr. Olney's residence in Massachusetts will render him unavailable is not known, but it is the opinion of many well informed persons here that but for this objection Mr. Olney would surely be the man. Next to him Mr. Rufus Peckham is thought by many to be the most likely to receive the nomination. The question of confirmation would not be raised, it is said, as it was in the cases of Wheeler H. Peckham and Hornblower.

JUSTICE JACKSON'S FUNERAL.

It Will Take Place at Bellemeade on Monday.

NASHVILLE, Aug. 10.—Upon the request by telegram of Chief Justice Fuller the funeral of Justice Howell E. Jackson will be conducted Monday morning, Aug. 12, at 10:30 o'clock at Bellemeade. Chief Justice Fuller and Justice Greener telegraphed they will attend and the other justices will also attend.

The pallbearers will probably be Chancellor Thomas Malone, Nashville; Judge Charles N. Blatchford, Lynchburg, Va.; Judge Charles E. Fenner, New Orleans; Judge W. H. Taft, Cincinnati; ex-Solicitor General Lawrence Maxwell, Cincinnati; Chief Justice Snodgrass, Tennessee supreme court; Assistant Attorney General J. M. Dickinson, Washington; H. M. Doak, Nashville.

Telegrams of condolence from all over the country are pouring in and the funeral services will be largely attended by prominent men of all professions from this and other states.

The Nashville bar will hold a meeting to complete arrangements for attending the funeral and to take other action appropriate to the occasion.

WILL SEE HER HUSBAND SOON.

Mrs. Waller Sent to Paris by Order of the State Department.

WASHINGTON, Aug. 10.—A cablegram received at the state department from United States Consul Campbell at Port Louis, Mauritius, announces that he will send Mrs. Ex-Consul Waller and her four children to Paris on the steamer leaving there on the 20th inst.

Mrs. Waller arrived in Mauritius in June. This action is taken in compliance with instructions from the department of the 6th inst. in view of the great interest which has been taken in the case by friends of the Waller family.

In a letter to Mr. Campbell, dated Aug. 8, the secretary of state commended his kindly attention to Mrs. Waller in her distress, and his response to the generous sentiments which everywhere prevailed in view of the unfortunate situation in Mr. Waller's family after his deportation to France.

NEVER SURPASSED.

The protectionists prophesied that free
 wool would bring ruin to American sheep
 owners, and that the reduction of duties
 on woolen goods would wreck one of the
 greatest of our industries, says the Phila-
 delphia Record. This conviction was so
 firmly fixed in the minds of the calamity
 prophets that they made no allowance
 for a possible failure of their prediction.
 Consequently the increase in the price
 of wool since the removal of the duty
 and the remarkable activity in the man-
 ufacture of woolen goods have fairly be-
 wildered them. In their confusion they
 have disregarded facts, and have franti-
 cally persisted that the reported activity
 in the woolen industry does not exist.
 But now there comes an authoritative
 statement of the situation, the truth of
 which the doubters cannot deny.

Somebody asked the editor of the
 American Wool and Cotton Reporter
 last week to estimate the quantity of
 woolen machinery in operation now, and
 also "at the most favorable time hith-
 erto." In reply to this inquirer the
 editor of the Reporter imparted the fol-
 lowing information:

It is estimated that in May, 1892, there
 were in operation 7,784 sets of cards,
 woolen and worsted; 71,000 woolen and
 worsted looms, and 43,601 knitting ma-
 chines. About June 1, 1895, there were
 in operation 8,456 sets of cards, woolen
 and worsted; 77,100 looms on woolen
 and worsted goods, and 64,250 knitting
 machines; this probably must be in-
 creased at date in every particular, as
 there is a most imposing list of enlarge-
 ments of woolen mills and installation of
 new machinery since January 1, 1895,
 exclusive of thirty-eight brand new en-
 terprises (woolen mills) and a large num-
 ber of new knitting plants.

The significance of these figures is not
 to be mistaken by any reader of intelli-
 gence. Add to this proof of activity the
 general increase in wages during the past
 two months and it will be seen how ut-
 terly the dismal predictions of the pro-
 tectionists have failed of realization.

Marvelous Results.

From a letter written by Rev. J. Gun-
 derman, of Dimondale, Mich., we are
 permitted to make this extract: "I have
 no hesitation in recommending Dr.
 King's New Discovery, as the results were
 almost marvelous in the case of my wife.
 While I was pastor of the Baptist Church
 at Rives Junction she was brought down
 with Pneumonia succeeding La Grippe.
 Terrible paroxysms of coughing would
 last hours with little interruption and it
 seemed as if she could not survive them.
 A friend recommended Dr. King's New
 Discovery; it was quick in its work and
 highly satisfactory in results." Trial

Lots of Burgoo.

To make the burgoo for the G. A. R.
 encampment at Louisville next month
 the following will be required: Beef,
 24,000 pounds; mutton, 20,000 pounds;
 shoat, 30,000 pounds; burgoo, 7,000 gal-
 lons. This is the gigantic conglomera-
 tion of solids and liquids with which the
 barbecue division of the citizens' G. A.
 R. encampment committee of Louisville
 expects to feed 150,000 people at Wilder's
 Park, September 13, 1895, says the Car-
 lisle Mercury.

To make this spread it will require
 approximately forty beeves, two hun-
 dred sheep and three hundred shoats,
 and for the burgoo 4,200 pounds of beef
 shanks, 672 fat hens, 3,600 ears of corn,
 140 bushels of potatoes and forty-two
 bushels of onions, with a liberal allow-
 ance of condiments.

When Traveling.

Whether on pleasure bent or business,
 take on every trip a bottle of Syrup of
 Figs, as it acts most pleasantly and effec-
 tually on the kidneys, liver and bowels,
 preventing fevers, headaches and other
 forms of sickness. For sale in 50c. and
 \$1 bottles by all leading druggists. Man-
 ufactured by the California Fig Syrup
 Company only.

KNOWLEDGE

Brings comfort and improvement and
 tends to personal enjoyment when
 rightly used. The many, who live bet-
 ter than others and enjoy life more, with
 less expenditure, by more promptly
 adapting the world's best products to
 the needs of physical being, will attest
 the value to health of the pure liquid
 laxative principles embraced in the
 remedy, Syrup of Figs.

Its excellence is due to its presenting
 in the form most acceptable and pleas-
 ant to the taste, the refreshing and truly
 beneficial properties of a perfect laxa-
 tive; effectually cleansing the system,
 dispelling colds, headaches and fevers
 and permanently curing constipation.
 It has given satisfaction to millions and
 met with the approval of the medical
 profession, because it acts on the Kid-
 neys, Liver and Bowels without weak-
 ening them and it is perfectly free from
 every objectionable substance.

Syrup of Figs is for sale by all drug-
 gists in 50c and \$1 bottles, but it is man-
 ufactured by the California Fig Syrup
 Co. only, whose name is printed on every
 package, also the name, Syrup of Figs,
 and being well informed, you will not
 accept any substitute if offered.

RIVER NEWS.

**Pittsburg and Cincinnati Will Act In
 Concert In Securing Improve-
 ments in the Ohio.**

Within the past fortnight at Cincin-
 nati a joint committee of Pittsburg and
 Cincinnati Chambers of Commerce con-
 ferred with Col. Stickney, engineer of
 the United States army, in regard to
 improving navigation in the Ohio. The
 special committee then appointed has
 finished the report it will make to the
 Chamber of Commerce. The report in
 substance is that Col. Stickney says the
 Ohio river can be made to afford six feet
 of water the year round from Pittsburg
 to Cairo by practicable improvements.
 The committee recommends a move up
 Congress to appropriate money for
 that improvement and to that end sug-
 gest calling a meeting in Cincinnati in
 October of all Congressmen of States
 bordering on the Ohio.

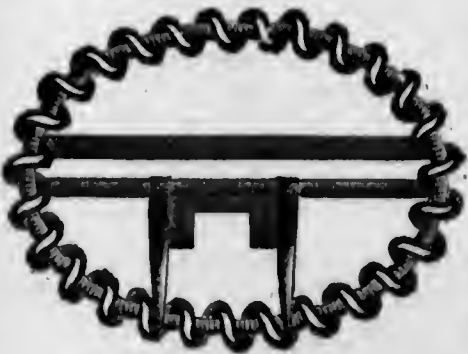

If some of the money that is spent on
 public buildings were spent in improv-
 ing the Ohio, it would be of vastly greater
 benefit to the people.

The Bonanza passed down last evening
 at dusk.

United States Local Inspectors of Steam
 Vessels Dameron and Fearn will go to
 Portsmouth next week to place in com-
 mission one of the largest ferry-boats
 ever built on the Ohio River. The new
 boat is known as the B. F. Beunett and
 is the property of Captain Winn. It will
 ply between East Portsmouth and Full-
 erton. It is 100 feet long, with a 26-foot
 beam and a 3½ foot depth.

ALL our 10 cent lawns, dimities and
 ducks reduced to 7½ cents.

BEAT 'EM AGAIN.

The Reds Didn't Succeed in Wiping Out the Stain of That First Defeat.

On the Contrary, the Maysvilles Rubbed it in on 'Em in a Magnificent Game From Start to Finish.

Wonder what Captain Buck Ewing and his braves of the Queen City think of themselves, anyhow?

You can put one thing down, though, as certain: They have a better opinion of the Maysvilles to-day than they entertained before the game yesterday, and are willing to concede now that Captain McGann and his boys can all play ball.

They were also given ample proof too that the Maysvilles haven't got the "swell head" so bad that it interferes with their work on the diamond.

The Reds came up to "wipe out the stain of their first defeat," but instead of doing that they had it rubbed in so deep it will always leave its marks.

About 2,000 people witnessed the downfall of the Leaguers, the crowd being the largest ever on the grounds. Flemingsburg, Mt. Olivet, Brooksville, Augusta, Dover, Higginsport, Ripley and all the other surrounding towns were well represented, and Maysvillians were out who are rarely ever seen at a game.

And the crowd got their money's worth. Rarely is a more brilliant game ever played, even on League diamonds. It was fast from start to finish, full of sensational plays and sharp fielding.

Both teams were on their mettle, and put up gilt-edge ball from the opening to the close. Maysville won by bunching her hits in the third, taking a lead that was never overcome.

It required great work, however, at the windup to keep the Reds from pulling out of the hole.

Rieman, Maysville's star twirler, was in the box and pitched a brilliant game. He never had better control, and the Reds were able to solve his delivery for only six hits. George didn't allow a single batter to walk to first. Little Ray Tenley was behind the plate, and his catching was in his usual brilliant style.

Sutherland played a superb game throughout. He accepted every chance, and there were about fifteen of them, finishing without an error. His two-bagger brought in the first run, and he a little later scored.

Captain McGann at second, Heilman at short, Van Winkle at third, Cox in left, Wadsworth in center and Hall in right all did magnificent work. Van muffed a fly, and Hall fumbled a grounder, but the errors didn't cost anything, and Dickie and Russ. more than atoned for them by scoring two of the three runs. Dickie's home run was a great one, and set the crowd wild. No one could have looked after the position of short better than Johnny Heilman did. He made several great catches and stops.

Wadsworth's running catch of McPhee's long fly in the ninth was one of the most sensational ever made on the grounds. It was labeled for three bases or a home run, but Henry pulled it down, amid the wild cheers of the crowd.

Here's how it was done:

First Inning—Burke hit the first ball delivered, and lined it down left, reaching second on the throw. Ewing hit to Rieman who threw to Van Winkle and Burke was run down between second and third, Ewing reaching second. McPhee fouled out to Tenley, and Hoy retired the side, by hitting to McGann, who put it over to Sutherland. Van Winkle hit one down in front of plate and beat it out. Cox tried to bunt, but it was a pop-up fly, and Parrott got it and doubled Van. Heilman flied out to Hoy.

Second Inning—Miller hit a fly to left. Van, Heilman and Cox all went after it, and as a consequence no one got it. Miller tried to reach second, however, and was caught. Smith went out from Van Winkle to Sutherland. Gray followed with a drive to right center for three bases. He was left, however, Parrott going out from McGann to Sutherland. McGann's fly to left looked safe, but was taken by Smith after a great run. Rieman and Tenley went out in order on flies to right.

Third Inning—Fagin hit to Heilman, who sent the ball over to first ahead of the batter. Burke went out from Rieman to Sutherland, and Captain Buck's fly to right was taken by Hall. Maysville now opened her batteries on "Tackey Tom." Hall singled into safe territory near second. Wadsworth fanned out. Sutherland hit a beauty to center for two bases, Hall scoring. It was Van Winkle's next turn, and Dickie didn't do a thing but smash the second ball up square on the nose. It went down the left line, passed Gray before he could get his eyes on it, and the next instant Burke,

the New Yorker, was chasing it down towards the fence. Van was doing some sprinting too, and, by a great slide, beat the ball to the plate by several feet. Hats went into the air, and Van received a great ovation. Cox followed with a two bagger, but was left, Heilman going out from Smith to Ewing, and McGann from McPhee to Ewing.

Fourth Inning—McPhee flied out to Cox. Hoy and Miller followed with grounders to McGann and Heilman respectively for outs at first. Rieman flied out to Smith. Tenley singled past Parrott, but he and Hall were doubled on the latter's hit to Gray.

Fifth Inning—Smith and Gray's flies in succession were taken by Wadsworth, and Parrott hit to Heilman for an out at first. Wadsworth struck out, Sutherland hit to Smith and Van Winkle to McPhee for outs at first.

Sixth Inning—Fagin hit to Heilman and didn't reach first. Burke singled to center, and Ewing drove one to right center for three bases, Burke scoring. McPhee went out from Heilman to first, Ewing scoring by a great run and slide. Hoy retired the side by again hitting to McGann for an out at first. Cox out from Parrott to Ewing. Heilman lined the ball down left for a single, McGann hit to Smith, forcing Heilman. Rieman fouled out to Fagin.

Seventh Inning—Miller hit down right line and it looked safe, but Sutherland knocked it down and beat him to first. It was a great stop. Smith hit to left for two bases. Gray hit to Heilman, and Smith was run down by Van Winkle, Rieman, Heilman and McGann, Gray reaching second. Parrott hit to McGann and failed to beat the ball to first. Tenley went out from Smith to Ewing, Hall followed with a pop-up fly to Parrott and Wadsworth struck out.

Eighth Inning—Fagin flied to Heilman, Burke ditto to Cox and Ewing went out from Heilman to Sutherland. Sutherland fouled out to Fagin. Van flied out to McPhee. Cox singled to center and Heilman lined one down left for a base. McGann flied out to Miller.

Ninth Inning—The final struggle had come. McPhee sent a long fly to left center that everybody thought was safe, but Wadsworth by a great run pulled it down. For once Hoy succeeded in driving one into safe territory in right. It got through Hall, and Hoy reached third. Miller hit to Van Winkle, who by a quick throw caught Hoy at the plate, Miller going to second. Smith hit one down between third and short. It caromed off Heilman's fingers, but he had it an instant later. Miller was making a desperate effort to score, but Heilman threw it plump into Tenley's hands. Ray got it just as Miller made a slide, and the next instant hats went into the air and there were wild cheers over Maysville's second victory over the Reds.

A purse of over \$100 was raised for the Maysvilles last night, for their great victory over the Reds.

The crowd of Cincinnati sports who came up returned home poorer but wiser. They didn't catch any suckers in Maysville.

"Tackey Tom" Parrott pitched a game that will win nine times out of ten, but he was up against George Rieman and George carried off the honors.

Harry Weldon, sporting editor of the Cincinnati Enquirer, came up to see whether the Reds got fair play. Harry says the Reds can't kick, that the Maysvilles put up a great game. Other Cincinnati papers sent reporters up.

When Rieman reached the Central after the game some of the enthusiastic "fans" picked him up and carried him about on their shoulders. He and Tenley were presented with handsome bouquets last evening by some their lady admirers.

Here's how the Commercial Gazette compliments the Maysvilles: "Any team that tackles the Maysville club this season will find that they are up against a lot of ball players who are in the game to win. No League club ever played better ball than they did against the Reds

yesterday. Their fielding was superb, and though they did not hit Parrott hard, they made their hits when they did the most good.

"Parrott worked as hard as though he was pitching against Boston or Baltimore. Tom was not the only one of the Reds who worked to win. Every man on the team played the best he knew how, and the team certainly can not make the claim that they did not try to win."

Electric Bitters.
Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

SOME MORE FIGURES.

The Voters Should Give Them a Careful Study—Don't Speak Well For the Reps.

[Covington Commonwealth.]

The rash but suddenly grown silent Louisville Commercial is referred to the report of the Auditor of Public Accounts and some statistics therein given from the counties of Fayette and Pulaski.

The county of Fayette gave Cleveland 8,753 votes, and Harrison 2,431. Fayette's idiots cost the State Treasury \$302.50. For witness fees she drew from the Treasury the sum of \$846.

The county of Pulaski gave Harrison 2,457 votes, and Cleveland 1,753.

She drew from the State Treasury for witness fees \$919. Her idiots cost the State Treasury \$1,576.

Fayette County is Democratic, has only seven idiots, and she paid into the State Treasury a net revenue of \$105,151.08.

Pulaski County is Republican, with thirty idiots, and she drew out of the State Treasury \$17,511.02 in excess of what she paid in.

Democratic Versus Republican Rule.

[Georgetown (O.) News Democrat.]

Highland County is in debt \$119,000 and the town of Hillsboro \$92,000. Both are under Republican management. Brown County doesn't owe a cent. Brown county is under Democratic management. Before the campaign is over the fellows who wrote the Republican platform for this county will realize that they are asses of the first magnitude. There is no county in Ohio so economically managed as Brown County or in so good a fix financially. We have good bridges, a splendid turnpike system, good public buildings and not only have them paid for but money ahead to pay for future improvements as they are ordered.

The Noblest Roman.

[Bowling Green Journal.]

The card of Gen. Buckner, placing his party far above himself, is calculated to draw many friends to him. His dignified and patriotic bearing, during this race, is commendable and it's a pity more of our prominent politicians are not imbued with it. This is not the year for "rule or ruin" policy and candidates for office will certainly find it out. The Sage of "Glen Lily" is as right as he is great, and the people have found it out. Love of party and love of right will win when love of self sinks into ignominious defeat.

A Bicycle Feat.

The Fourth Estate, devoted to newspapers and newspaper makers, thus notes a recent stroke of enterprise of the Lexington Leader: "The bicycle as an aid to rapid journalism has recently proved its value. The Lexington (Ky.) Leader gathered the returns of the Democratic primary in the thirteen precincts of Lexington by bicycle messengers, and in forty-five minutes after the closing of the polls had the results, which it put on the streets a few minutes later."

Food

—But No Appetite

is a worse fix than "appetite but no food." Can you eat a meal with relish, or can't you? If you can't your stomach probably needs looking after, and this is the way to look after it: Take a tablespoonful of

Brown's Iron Bitters

in a little water, three times a day for a week and you'll be surprised how well you'll feel, and how hungry you'll be, and— but isn't this enough?

Brown's Iron Bitters is a medicine for all ages—children like it and old persons nearly always need it.

It is pleasant to take and will not stain the teeth nor cause constipation. See the crossed red lines on the wrapper.

Forged For a Bible.

READING, Pa., Aug. 10.—Sallie Stoyer, 18, was lodged in jail on the charge of forgery in securing a family Bible from an installment house on a forged order. The prosecutor is William Rothenberger, to whom she was to have been married in a few days. He says that she wrote his name to the order unauthorized by him.

Raising Wages.

IRON MOUNTAIN, Mich., Aug. 10.—The Pennsylvania Iron Mining company, operating the East Vulcan, West Vulcan and Currie mines at Norway, has announced a 10 and 25 per cent increase in wages, taking effect the 1st of August. The iron company has also raised the wages in the same ratio.

A Purple Pearl.

NEW YORK, Aug. 10.—While eating a roasted clam at Huntington, L. I., Irving Brush bit on something hard. He took the thing out of his mouth and found a purple stone about the size of a marble. The stone was examined by a jeweler, who said it was a pearl.

THE CLOSE AT RUGGLES.

Fifteen Hundred People Attended the Farewell Services.

RUGGLES CAMP GROUNDS, August 7, 1895. The last night of the meeting was a glorious one indeed. There were only three preachers left, and we did not look for anything like a congregation, but lo and behold such a throng of people! We had at least fifteen hundred. Some of them came for seven miles to attend this last meeting.

After the preachers had finished talking, Brother Frenger, the Presiding Elder, proposed that all the people form a circle, joining hands, when we surrounded the large tabernacle, and sang several of the songs of Zion, closing with "We will never say good bye in heaven." It was a beautiful and impressive sight, and one not soon to be forgotten by those who beheld it. The people seemed loth to let the meeting close. After this there was a large number of young people, the singers, formed into a band and marched out as far as Hawley's store and began serenading, marched back into camp and sang for each cottage surrounding the camp. This has indeed been a glorious meeting, and it has done untold good for this community.

Lightning Hot Drops—
What a Funny Name!
Very True, but It Kills All Pain.
Sold Everywhere, Every Day—
Without Relief, There is No Pay!

Advertising stripped of all its mystery is merely and simply telling the people what you are doing and where you are doing it. If you are doing a good thing at a convenient place people will come to you. Only ask enough of them and ask often enough. You may ask fifty times and fail, and the fifty-first time succeed. It's the last straw, you know—the last blow that "clinches the nail."—Charles Austin Bates.

BIG PROFITS Small Investments

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and Stock.

\$10.00 Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system. It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 or more by those who invest a few thousand. It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading. Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time. WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our manual explains margin trading fully. Highest references in regard to our standing and success. For further information address
